2. The Kannada accompaniment is a petition dated 24/1/47 from Mr. Hanumappa Ningappa Dewaraddi and other ryots and workers of Kudarihal, taluka Ranebenmur, district Dharwar and addressed to Mr. K.F.Patil, Parliamentary Secretary to the Bombay Legislative Council, Bombay. A summarised English translation of the petition is as under:-

Our village has been declared a famine affected area. As our village is on the bank of the Tungabhadra river, a scheme to provide us with water should be prepared, and also a scheme to construct a pucca road from our village to Ranebenmur should be undertaken. [Steps should also be taken to supply electricity to those residing on the bank of the river.] A road leading to the river should be built. About 8 years ago we had credited with the Assistant Collector the cost of the land for the purpose of constructing the road. But we have not received any reply in this connection. Besides, we requested the Collector when he had encamped at Keremallapur to construct the road, and to this also we have not received any reply. We, therefore, request you to issue an order for constructing the road. The voluntary school in the village is now housed in the Siddheshwar temple in the close vicinity of the river. As this locality is dangerous to the students, Government should establish a school some where else and also construct a building for the same.

2/- The papers deal with the request p.1 from Shri H.N.Deowaddi & others re: supply of ely. at Kudarihal. Please see G.L. No. 2004/36-V-El(I), dated the 11-5-50. It has now been decided to give supply of 200 kW, out of the load purchased from the Jog Hydro-El. Works, for rural electrification round about Ranebennur. It seems that it will be possible to give supply at Kudarihal from Ranebennur. The Elect. Comm. may perhaps be requested to confirm this presumption before the applicant is addressed in the matter.

ELECTRIC SUPPLIES.

Kudarihal is a village in Ranibennur Taluk. and is about 9 to 10 miles from Ranibennur. It is not possible to say without a study of the power demands in the area whether a particular village is within the economic reach of distribution. As mentioned in this office letter No.T.8/3/24076 dated 19.1.50 a scheme will be prepared and submitted in due course for the distribution of 500 KW of rural load between Ranibennur and Haveri, when the question of power supply to Kudarihal will also be considered.
